***Allowable Subject Matter***

1. Claims 1-35, 37, 39, and 41-43 are allowable over prior art made of record and in light of Applicants' amendments and arguments presented in the Amendment filed June 17, 2004.

2. Any comments considered for necessary by the applicant must be submitted no later than the payment of the issue fee, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

3. The following is an examiner's statement of the reasons for allowance:

The prior art of record does not disclose, teach, or suggest "first color vector being determined based on color vectors for the multiple links, each of the color vectors representing multiple colors that correspond to attributes of the network" and "using the first color vector and the second color vector in determining a route through the network" and therefore the claims are found allowable over the prior art of record.
